## OBJECTIVE

---

I'm actively seeking a software engineering role to apply my strong skills in JAVA, C++, OOPs, SQL, JavaScript, Mern Stack and UI/UX Designer. Committed to delivering exceptional software solutions, I'm eager to contribute to innovative, performance-driven projects.

## EDUCATION

---

**Dr.Ambedkar Institute of Technology For Handicapped Kanpur U.P,** 2020-2024  
Bachelor of Technology– Information Technology. CGPA: 7.9

**S.R.R.S.I.C Uruwa Gorakhpur,** 2017 - 2018  
Intermediate Percentage 88.40

## SKILLS

---

<b>Programming Language</b>	C, C++, JAVA, Python(Basic), Javascript, SQL
<b>Libraries/Framework</b>	React, Node, Express
<b>Tools/Platform</b>	Git and Github, VS Code
<b>Databases</b>	Oracle, MongoDB, Mysql

## EXPERIENCE

---

**Frontend Development Intern - [Link](#)** May 2023 - June 2023  
CodeAlpha

- Collaborated on URL Shortener project, gaining experience in API integration and adaptable changes to web-sites.
- Implemented front-end features and functionalities using React.js and Bootstrap, contributing to the enhancement of the website's visual appeal and user interaction

## PROJECTS

---

**REAL TIME OBJECT DETECTION | | [Link](#)** OCT 2022

- Technology used in it are OpenCV and YOLO algorithm
- There are many pre-defined classes, in this we include DNN(Deep Neural Network) module for processing images.
- There is a button system in it by which one can control which particular class will get evaluated in the frame.

**BHOPAL METRO PROJECT | | [Link](#)** FEB-2023

- Developed C++ software for Bhopal Metro using Dijkstra's algorithm, supporting station selection within integer range 0-52.
- The implemented Functionality generates shortest path listing between source and destinations

**CRUD- Application | | [Link](#)** FEB-2023

- This is a simple project only in the backend for CRUD OPERATION using Node.js, Express.js, and Mongose Database. Any User can simply insert, update, fetch and delete their data using this application.

## CODING PROFILE/CERTIFICATIONS

---

- Leetcode- [sannu9901](#)
- Codechef- [Chanda Yadav](#)
- Completed 12-week NPTEL C Programming certification (**Silver + Elite**) Medal. [Certificate](#) [Certificate](#)
- Solved more than 200+ DSA questions on coding platforms.
